## OUR STORY

Hawaiian Experience Spa was founded by Steve & Cathy Ibach in 2007. They lived on Maui for many years and studied lomi lomi massage there in 2006. That training inspired them to bring the spirit of aloha to Arizona. Hawaiian Experience Spa was born when they merged their passion for affordable massages and spa therapy with their passion for Hawaiian culture and practices. The spas are now managed by their son, Mike, who has been with the spa from the beginning. Steve and Cathy remain involved with a focus on keeping the Hawaiian vibe at the spas authentic and filled with aloha!

## EXPERIENCE A LOMI LOMI MASSAGE

Unlike any other body treatment on earth, lomi lomi massage provides an amazing full body experience not found in any other form of bodywork. Performed for centuries in ancient Hawaiian Temples as a rite of passage and renewing ritual, the secrets of the lomi lomi are only very slowly being revealed on the mainland. Your therapist will use long flowing deep strokes (pressure will be adjusted for your needs) that will run the entire length of your body from head to toe in one continuous motion. Working both the upper and under sides of your body, your therapist's arms will embrace you as the rhythmic waves of motion send deeply relaxing sensations to your brain. This incredible treatment is great for relaxation, muscle tension, muscle pain, anxiety, detoxification, increasing circulation, depression and more.
